Complete sprint

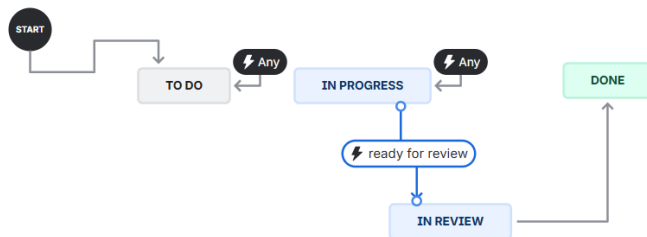

Group: Stories

Exercise 2: Add new column

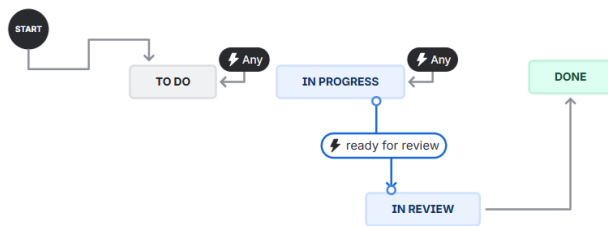

Exercise 3: Add a Transition Rule (Restriction Transition)

The screenshot shows the configuration for a transition rule in Jira. The 'From status' is set to 'IN PROGRESS' and the 'To status' is set to 'IN REVIEW'. Under the 'Rules' section, a rule named 'Restrict transition' is active. It has a condition 'MUST BE ALL (1)' and a restriction 'Restrict who can move an issue' with the description 'Only the assignee can see this transition'.

Exercise 4: Add a Transition Rule (Validate Details)

IN PROGRESS ▼

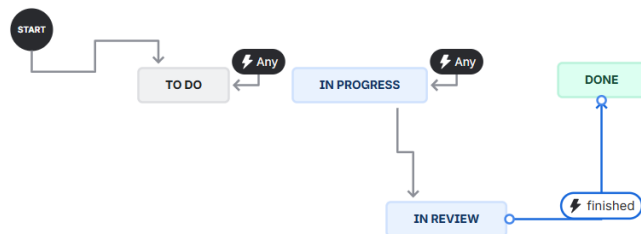

To status

IN REVIEW ▼

Rules

- > **Restrict transition** 1 +
Hide this transition when these aren't met
- ✓ **Validate details** 1 +
Validate details before moving the issue
 - ✓ **Validate a field** ...
Ensure that "Description" isn't empty.

Exercise 5: Add a Transition Rule (Perform Actions)

IN REVIEW

To status
DONE

Rules

- > **Restrict transition**
Hide this transition when these aren't met
- > **Validate details**
Validate details before moving the issue
- > **Perform actions 1**
Perform actions and move issue to "finished"
 - Update an issue field**
Automatically update Labels to include "Finished"
