

## Exercise 1

The screenshot shows the Jira LABB board in the Backlog view. The top navigation bar includes tabs for Summary, Timeline, Backlog (selected), Active sprints, Calendar, Reports, List, and More. A search bar and filters for Version, Epic, and Quick filters are present. A 'Plan your sprint' section is visible, with a 'Create' button. Below it, the Backlog section shows 3 work items: LABB-2 'User Can Sign Up', LABB-3 'User Can Log In', and LABB-4 'Reset Password'. A detailed view of LABB-2 is open on the right, showing its description, linked work items, and Confluence content. The description states: 'As a new user, I want to create an account so that I can access the system.' The linked work items include 'Product requirements' and 'Activate Windows'.
